SAMY ALLIANCE, as an organisation operating nationally and internationally, is committed to complying with national and international rules and standards on Anti-Corruption, anti-bribery and the prevention of conflicts of interest.

SAMY ALLIANCE constantly ensures that the people who form part of the Organisation act not only in accordance with current legislation, but also in accordance with high standards of professionalism, integrity and a sense of responsibility in the context of their professional activity, both in their relations with each other and with third parties. These standards are set out in SAMY ALLIANCE’s Code of Ethics, which is the cornerstone of SAMY ALLIANCE’s ethical conduct.

02. PURPOSE

The purpose of this document is to establish an action procedure to be followed in the event of conduct that may involve unethical practices aimed at inappropriately influencing the actions and will of people with the aim of obtaining advantages or benefits and which are contrary to the principles and values established in the SAMY ALLIANCE’s CODE OF ETHICS and ANTI-CORRUPTION POLICIES.

The specific objectives are:

+ To have the specific organisation and the necessary measures in place to deal with and resolve the cases that arise.

+ To guarantee the safety, integrity and dignity of the people affected, the application of the appropriate measures in each case, to settle responsibilities and to take the appropriate precautionary measures.

+ To eradicate corruption and, where appropriate, to apply the relevant punitive measures.

+ To establish a procedure to be followed in the event of conduct that may involve acts of corruption as indicated in the SAMY ALLIANCE’s Anti-Corruption Policies. The carrying out of the established procedure will in no case prevent the parallel or subsequent initiation of administrative or legal actions against the persons involved.

03. SCOPE OF APPLICATION

This protocol of action applies to all internal employees of the SAMY ALLIANCE Group, to all persons providing services to SAMY ALLIANCE, namely employees, including casual and temporary employees contracted by the Group (collectively, “Employees”), and to third parties intervening, collaborating, representing or acting on behalf of SAMY ALLIANCE.

All our partners (suppliers, operators, intermediaries, agents, subcontractors, etc.) are bound by the principles of the SAMY ALLIANCE’s Anti-Corruption Policy and are subject to the protocol described herein.

In the event of receiving a gift at their personal home, the professional or employee must also inform the person in charge of the **Internal Information System**, who will decide on the appropriateness of the gift.

The recipient or giver of the gift or present should consider whether this may compromise the independence, integrity and/or honesty of the recipient or the recipient in making a business decision (e.g. if the recipient is responsible for organising a promotional event and is invited to the event, his or her independence, integrity and/or honesty will not be compromised since the responsibilities of the recipient include supervising the running of the event itself).

In the event of any doubts as to whether the gifts or presents received comply with the principles set out in the **Anti-Corruption Policy**, the Head of the Internal Information System shall inform the Legal Department, which shall advise on the criteria to be followed.

Any gift or present offered by **SAMY ALLIANCE**, in general, will be characterised by the fact that its value can only be symbolic and that it will be aimed at promoting the brand image of our organisation. Any gift offered for this purpose must be managed and authorised in accordance with the **Anti-Corruption Policy**.

**SAMY ALLIANCE** will accept gifts or presents as long as they do not exceed normal business practices or courtesy.

If necessary, refusals should always be made politely, explaining that they are in accordance with **SAMY ALLIANCE**'s rules on gifts, presents and hospitality.

In particular, any form of gifts, presents or favours which could influence independent decision-making or which could lead to any kind of favour being granted to **SAMY ALLIANCE** or its employees and managers is forbidden.

**SAMY ALLIANCE** will refrain from practices that are not permitted by the applicable legislation, by commercial practices or by the codes of ethics or conduct, if known, of the companies or entities with which it has business relations. The Head of the Internal Reporting System shall report to the Legal Department on gifts and hospitality received or made by and for the **SAMY ALLIANCE** team, with the name of the professional or collaborator involved, the gift or hospitality, the possible motivation and its market value, if applicable.

The request must state the facts and actions that are considered to constitute an infringement of the Anti-Corruption Policy or constitute a crime, which may be made anonymously if the informant so wishes.

Verbal communications, including those made through face-to-face meetings, by telephone or by voice messaging system, shall be documented in one of the following ways, subject to the informant’s consent:

+ Through a **recording of the conversation** in a secure, durable and accessible format, or
+ Through a **complete and accurate transcription of the conversation** made by the Head of the Internal Information System.

Without prejudice to the data subject’s rights under data protection law, the data subject shall be given the opportunity to check, correct and agree with the transcript of the conversation.

In the event that the informant requests a face-to-face meeting, this must be arranged within a maximum of seven days of the request being made by any of the means described above.

Upon receipt of the communication by any of the means described above, the acknowledgement of receipt shall be sent to the informant within a maximum period of seven days, unless the informant has expressly waived receipt of communications relating to the investigation.
Once the information has been submitted, it will be registered in a secure and confidential database (the Information Management System).

The investigation procedure shall begin with the submission of a complaint, in the form mentioned above, which shall include a list of incidents, as detailed as possible, drawn up by the person or persons who have witnessed an act, attitude or have any suspicion of corrupt practices and/or practices contrary to the Anti-Corruption Policy.

- **Opening of an investigation** - Once the complaint has been lodged, a process will be initiated aimed at investigating the facts, with the utmost respect for confidentiality and maintaining the anonymity of the informant at all times, and carrying out as many procedures as deemed necessary in order to establish the truth of the facts that have occurred. Once the evidence has been collected and all the necessary procedures have been carried out, the person or persons denounced shall be given a hearing so that they can offer their version of the facts.

- **Establishment of an Evaluation Committee** - Within 3 working days of the opening of the investigation, an Evaluation Committee will be set up, which will keep and ensure compliance with all the guarantees of confidentiality and secrecy included in this protocol, signing for this purpose the documents established in this protocol. They will direct the development of the investigation, and will issue the report of conclusions at the end of the same.

It has been determined that a minimum of 2 members will be involved, preferably according to the following structure:

- Head of the Internal Information System
- One or more members of the senior management of SAMY ALLIANCE who are not involved in the alleged facts.

- **Development of the investigation** - Once the Evaluation Committee has been set up, it will, within a maximum of 3 working days, inform the parties concerned of the start of the formal procedure for the cases. In order to analyse the situation, the documentary and testimonial evidence that the Evaluation Committee considers necessary will be taken.

A hearing will begin with the informant, in order to gather information on the events that have taken place through interviews. Subsequently, the respondent(s) will also be interviewed.

Minutes will be taken of the interviews and actions carried out, in order make the procedure as formal as possible.

If so deemed by the Evaluation Committee, or at the request of any of the parties, possible witnesses, intervening parties or other parties involved shall be interviewed, and as many procedures shall be carried out as are deemed necessary to clarify the veracity of the events that took place.

To this end, all staff and management are obliged to collaborate in the investigative actions that take place, providing any documentation and information that may be necessary, and must maintain professional secrecy on the matter. The intervention of possible witnesses and all those involved in the proceedings must observe the confidential nature of the proceedings, as they directly affect the honour of individuals. Due respect shall be shown both to the person who has filed the complaint and to the person who is the object of the complaint, using the documents established in this protocol for this purpose.

A period of 20 working days is stipulated for this phase of development, counting from the presentation of the complaint, unless the practice of the proceedings entails establishing a longer period.

- **Drafting of the Technical Report** - Once the aforementioned procedures have been carried out, the Evaluation Committee will issue a report within 5 working days, the main objective of which is to ESTABLISH THE FACTS, providing the evidence and conclusions obtained in the procedure. The addressee of this report will be the Management of SAMY ALLIANCE.

- **End of the procedure** - On the basis of the report, the Management will determine whether or not it is possible to establish the existence of acts contrary to SAMY ALLIANCE’s anti-corruption policies and the existence of offences that may be legally punishable.

When it is not possible to establish the facts, and disciplinary measures are therefore not taken, the reporting employee will in no case be retaliated against.

The resolution adopted shall be communicated in a reliable manner to all those affected, within a maximum period of 5 days from the receipt of the Technical Report by the Management.

As a consequence, and considering all the deadlines indicated, the Management shall have a total period of 3 months from the expiry of seven working days (deadline for acknowledgement of receipt of the complaint) to give a reasoned decision on the request for intervention and to inform the parties concerned. This period may be extended by up to a maximum of a further three months.

The disciplinary consequences agreed in the Report will be independent of any judicial or administrative complaint that may be lodged against the accused(s).
